

## COVID-19 ORANGE TIER STUDIO POLICIES

The Dance Hub has a number of COVID-19 mitigation practices in effect, including following Board of Health guidelines for COVID-19 mitigation. Our policies for students and renters are as follows:

- As California remains under a mask mandate, *masks must be worn at all times while inside The Dance Hub*. This includes the lobby, the outdoor ramp, and entrance to the restroom. The only exception to this is when an individual or members of the same household are working alone in a dance studio; however, they must still wear a mask in the lobby, restroom, etc.
- The Orange Tier allows us a maximum of three people in the small studio and ten in the big studio.
- Social distancing must be enforced for the duration of the class or rehearsal. We don't recommend working closely with a partner in dance genres such as Tango or Ballroom dance if you and your partner are from separate households.
- Wash your hands before and after your rehearsal. If you have your own disinfectant wipes, please use one to wipe down the keypad for the door lock system. If not, wash your hands or use the hand sanitizer dispenser upon entering the studio.
- In order to dance with bare feet, dancers must wipe their feet with an anti-viral wipe before entering the studio.
- You may use the standing fan provided by the studio to blow fresh, outside air into the big studio, or open the windows in the small studio. There are also air purifiers available for use in both studios.
- At the end of your appointment, use the cleaning supplies provided in each studio to disinfect any surfaces you have touched, including barres, the sound equipment, bathroom key, etc.
- After using the studio, set the air purifier timer to run for one hour after you leave.

By signing below I acknowledge that I have read The Dance Hub's COVID policies and agree to abide by the above policies as a condition for renting at The Dance Hub.
